ENGLAND

On the death of the last of the Marian Bishops in the reign of Elizabeth, the Catholic Hierarchy in England became extinct. It was restored Sept. 29, 1850, by Letters Apostolic (*Universalis Ecclesiæ*) of Pius IX when the Metropolitan See was transferred to Westminster. By Letters Apostolic of Oct. 28, 1911, of His Holiness Pius X the Province of Westminster, which had fifteen Suffragan Sees, was divided into three Provinces—Westminster, Birmingham, and Liverpool. With Westminster remain the dioceses of Northampton, Nottingham, Portsmouth, and Southwark. To Birmingham were assigned the dioceses of Clifton, Newport, Plymouth, Shrewsbury and Menevia. The remaining Sees of Hexham and Newcastle, Leeds, Middlesbrough, and Salford were assigned to Liverpool. On February 7, 1916. Newport was raised to archiepiscopal rank under the name of Cardiff; and, with Menevia as a Suffragan See, was formed into a fourth province. In 1917 the county of Essex was separated from Westminster and made into a separate diocese (Brentwood) of the Province of Westminster. In 1925 the See of Lancaster was carved out of Liverpool and Hexham and Newcastle.

The Catholic Population of England and Wales is 2,353,189.

Americans will respond

IN your community, throughout your Diocese, and across the Nation, the American people support good causes. *Count on their gifts* for religious work, for education and charity, for the care of the sick and the orphaned.

FROM its experience in raising several hundred million dollars for 500 projects, the firm of Pierce, Hedrick and Sherwood *knows* how numerous and how generous are America's givers.

●

THESE facts are also important when you plan for fund-raising:

There are many good causes . . . so your objective must be wisely established and skillfully presented. Campaigns for funds require the balancing of factual and emotional elements . . . expert timing . . . capable selection and training of campaign personnel . . . direction, organization, and "follow through" to insure success.

IN several recent Catholic campaigns (including one whose objective was $2,050,000 and whose total subscriptions exceeded the sum of $3,250,000) the full-time professional counsel and direction by Pierce, Hedrick and Sherwood has afforded: fruits of fund-raising experience acquired by a quarter of a century of campaigning and successful application of the newest and most satisfactory techniques of these times.

Consult this staff for preliminary survey, or campaign-period service in all its phases, or long-term counsel in institutional financing. No cost is incurred by an inquiry or the firm's initial survey of your data.

THE MOST REVEREND JOHN J. MITTY, D.D.

SINCE 1876, BERINGER BROTHERS have endeavored to produce Sacramental Wines of quality so high as to make them always worthy of the sacred purpose they serve.

With the accumulated knowledge attained through SEVENTY years of wine making in California, plus the ripened experience handed down by their fathers before them as growers and makers of fine wines in Europe, BERINGER BROTHERS are today more competent than ever for this important work.

The high reputation that we enjoy as producers, in their entirety, of California's ranking Altar Wines, has been made possible by your preference for quality. In what better way can we express our gratitude for your support than to continue to deserve it during the years ahead by constantly striving to produce the finest and purest vintages?

A Valuable Reference Work

CHRISTIAN DENOMINATIONS

By

REV. KONRAD ALGERMISSEN

Translated by

Rev. Joseph W. Grundner

$7.50

Dr. Algermissen's CHRISTIAN DENOMINATIONS is a study of the Catholic Church, the Eastern Orthodox Church, and various Protestant denominations. The First Part treats of Christianity in general. The Second Part contains a historical account of the Catholic Church, an explanation of its government, and an exposition of its doctrines. The Third Part discusses the same aspects of the Separated Churches of the East, with considerable attention to their liturgies.

The Fourth Part, devoted to Protestant denominations, considers them in six sections: Lutheranism, Calvanism, Anglicanism, the Baptist groups, the revival groups and the eschatological groups.

Remarkable features of Dr. Algermissen's work are the scope of his survey, the up-to-date information, and the use of authentic sources. His objective attitude is notable, for instance, in his sketches of Luther, Wesley, and General Booth.

If you desire reliable information about the teaching of various Christian denominations, you will find it in this volume of more than 1000 pages, provided with a detailed alphabetic index. This work thus furnishes data that otherwise you might have to search for in a dozen different books. The wealth of details makes it especially convenient for quick reference.

99 Years of Leadership in
INSTITUTIONAL FOOD SERVICE EQUIPMENT

Ever since its establishment in 1847 The John Van Range Company has specialized in equipment for preparing and serving food for public and private institutions. The first portable steel range in the world was an invention of the founder of this Company. His successors have pioneered in developing new and improved equipment consistent with the advances in the science of mass feeding in schools and colleges, hospitals, convents and other institutions. ☆ Thousands of establishments, for which we have planned the food service departments and manufactured the equipment, testify to the resulting economies of maintenance and operation. Those listed below are fairly representative.

Antependium or Frontal

Wreath and Two Birds

The Christian (birds) seeks his glory and reward (wreath) with Christ (Chi-Rho)

The antependium or frontal is a ritual ornament so called because it hangs in front of the altar. The upper edge is, as a general rule, attached to the mensa or altar-table, which should project far enough to prevent the celebrant and ministers from touching the antependium with their feet.

An antependium may be a simple piece of damask or other rich material. It may hang down straight or be gracefully draped. It is not necessary that the frontal be even embroidered. Any design employed should be simple and dignified. Only slightly ornamented or plain antependia are appropriate for ordinary days, finer ones being reserved for the greater feasts. The liturgical color proper to the church season or the feast should be reflected in the frontal.

Many of the customary materials used are not available at this time although we still have fairly good stocks of most materials advertised in our previous catalogues.

If and when proper materials are again available we are prepared to offer some new and distinctive designs in Antipendia, Vestments, etc.

Please Note

Like most manufacturing firms, our orders cannot always be shipped as promptly as has been our custom. Should any questions arise concerning your order, or should we be unable to make delivery promptly or reasonably near the specified date, we will advise you.

It would be to our mutual advantage for all of our customers to anticipate their needs as far in advance as possible, to avoid disappointments.

The expression of saintly meditation and profound reverence on the face of St. Joseph seems to say, This is God Your Savior.

Carved oak is the most perfect medium for this superb work of religious art. Many do not realize it who are accustomed to the painted models of repeated production.

Fortunate is the church which possesses well designed and well carved oak statuary.

Fortunate indeed are the faithful who receive its appealing spiritual message.

The output of this work is limited which makes it all the more rare and unique.

ARTIST ▪ DESIGNER ▪ DECORATOR

THE original compositions shown above illustrate the range and versatility of the artist and his skill in various media and styles. Besides the complete decoration of many churches and chapels in the East and Middle West, he has painted the twenty-eight altar pieces for the Chapel of Duns Scotus College, Detroit, and respectfully offers his services as a designer of ecclesiastical art work — church furnishings, decorations, altar pictures, murals and portraits. Other photos and testimonials gladly submitted upon invitation. Please address the

NO TRAFFIC LANES ..NO WORN SPOTS

when floors are finished with Seal-O-San

Scuffing Feet Can't Mar this Wear-Proof Finish

WHEREVER you find traffic-scarred floors, there also you find a surface floor finish that has failed. Under the abuse of traffic, the hard, brittle surface-finish cracks and breaks, exposing the wood cells beneath. Continued pounding and scuffing crushes these empty cells . . . starts an unending trail of worn spots across the floor.

A Penetrating Seal-O-San finish actually becomes part of the wood. As the liquid penetrates, it fills the empty wood cells, then hardens to form a *protective* seal against dirt, moisture, or wear. Because this seal extends below the surface of a Seal-O-San finished floor, you never see traffic lanes or worn spots.

Applying Seal-O-San to a newly sanded or cleaned floor is simplicity itself. Two, thin, quick-drying coats, and the job is done. The result is a hard-wearing floor—*always* attractive—*easily* kept clean.

That is why Notre Dame, Holy Cross, Trinity College and 5500 other institutions have Seal-O-San finished floors. For Seal-O-San points the way to real maintenance economies. Sturdy, durable and inexpensive to apply, Seal-O-San cuts refinishing costs *50% and more.*

It will pay you well to refinish all your wood floors with Seal-O-San. You'll find it the most economical floor finish you can use.

What IS Safway ?

Safway is a scientific system of tubular steel members which may be set up on the job to any height, width and length.

The basic unit set up consists of two end frames held firmly together by two cross braces. This forms a unit 5′ wide, 7′ long and 5′ high. Desired heights are obtained by adding similar units and fastening them together with coupling pins. Additional lengths may be obtained by adding additional frames secured by cross braces.

• Regular inspection and maintenance work are the surest way to protect building investments and insure low cost upkeep. Safway Steel Scaffolding reduces maintenance time and labor costs; it provides safest footing for workmen and yet permits full use of building while work is in progress.

KINNEAR STEEL ROLLING FIRE DOORS AND WINDOW SHUTTERS

When fire threatens, Kinnear Steel Rolling Fire Doors and Window Shutters close quickly, automatically, positively and safely. They feature a fireproof curtain of interlocking steel slat construction that cuts off drafts and blocks the spread of fire. Yet these doors can often be installed so as to be completely concealed in the wall when open. Safety for occupants of the building at the time of fire is assured by a device which controls the downward speed of the doors after release, and by a counterbalance which makes it possible to raise the doors after closure. Kinnear Fire Doors and Shutters are specially built to fit openings of any size. Kinnear also builds Steel Rolling Service Doors, Metal Rolling Grilles, and Upward-acting Doors of other types in both wood and steel. Consult us.

THESE AMERICAS by Samuel A. Johnson

This book presents hemispheric history with emphasis on Latin America. Enough of the development of the United States and Canada is discussed to aid in the interpretation of Latin America and to reveal the likenesses and differences of national problems. It is usable as a basic text for a semester's course or as a supplement to an American history text in which our neighboring lands are not adequately portrayed.

takes pride in announcing the results of its recent campaign in the Diocese of Scranton, Pennsylvania, for $700,000 to erect Divine Providence Hospital in the City of Williamsport for the Sisters of Christian Charity. The drive brought gifts of $751,949. The Catholic population of the area of solicitation is less than eight per cent of the total population.

This campaign was a repeat performance. In the same City of Williamsport, where only 44,000 people make their homes, Bernard H. Lawson obtained more than $748,000 in the $600,000 campaign for expansion of Williamsport City Hospital less than a year before the Divine Providence drive.

Our staff of Campaign Directors has had particular experience in the conduct of fund raising campaigns for Catholic institutions.

A member of this firm is available at all times for consultation without financial or other obligation. Your inquiries will be welcomed.

WHAT "AMERICA" SAYS

"Now that Mr. Norton has written this exceedingly able book, no school can excuse the lack of a course on the Constitution by pleading the hitherto mournfully valid excuse: 'There is no good text-book.' Mr. Norton is clear and concise the arrangement of the matter is excellent, and the book will serve equally well for the class work and private reading."

Alfred E. Smith said: "Our Constitution is the civil bible of Americans."

DEMOCRACY is the outgrowth of the religious conviction of the sacredness of every human life. On the religious side, its highest embodiment is the Bible; on the political, the Constitution.

Most Sanitary and Economical Brush Made

THIS self-moistening "Dustless" Brush has a metal reservoir which is easily filled with "Arbitrin," a specially prepared sweeping fluid. As the brush sweeps this fluid filters through the center row of tufts, making the best kind of sweeping compound out of every bit of dust it contacts. This dust dampened with "Arbitrin" cannot rise to contaminate the air. Scientific tests conducted by Health Authorities for a large number of schools have proved that the "Dustless" reduced the dust in the air 97 per cent as compared to other methods.

The "Dustless" brush has also proved in hundreds of cases that it makes for faster sweeping, saves floors, eliminates the need of periodic scrubbing and bleaching, and outlasts ordinary brushes 3 to 1.

The construction of the "Dustless" is as unique as its performance. Tufts are specially selected stiff, black horsehair. They are not just stapled but hand-drawn into the block with rust-resistant wire. They cannot come out or come loose. Pressed steel reinforcing back is clinched all around the block to prevent splitting. The fluid reservoir is also of steel. The liquid feed arrangement keeps inside tufts constantly and evenly moist. The handle is instantly reversible and adjustable to the height of the sweeper. Tufts are 3¼" long and trimmed flat.

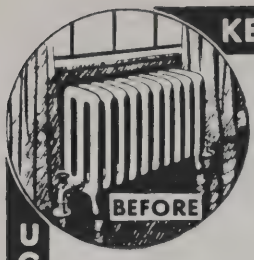
RANK'S KNEELER CUSHION

Eliminates the Discomfort from Hard, Worn, Rough Benches. Prevents Damage to Clothing

Since 1935

This picture shows Rank's Reversible Cushioned Kneeler Pad as it appears upon completion of installation on the wooden kneeler and gives an idea of its softness and resiliency. The pad is one inch thick. Individually constructed to cover the exact size of each kneeler bench. They can be attached easily by your own handyman. INSTALLATION INSTRUCTIONS SENT WITH EACH ORDER. OUR PADS CAN BE DETACHED AND REVERSED so that, in years to come, by merely reversing them, you will again have cushioned pads as good as new, thus receiving doubled life and service. The proper amounts of live, resilient sponge rubber and other high grade materials are used in Rank's Reversible Cushion Kneeler Pads. Mounted on a plywood base and covered with the best grade of Fabricated Leather covering, which can be had in various colors and designs.

Our UPHOLSTERY FABRIC is used extensively on theater seats and in the higher priced automobiles. It does not crack or peel; is easy to clean with a damp cloth; colors will not rub off. Resists hard wear given the edges and sides of cushions. Permanently grained, it is smooth and leatherlike.



Communion Rail Pads—we also manufacture a specially constructed pad for the Communion rail, approximately two inches thick. **Prie-Dieu Pads** are made in all widths and lengths, covered with the same wear-resisting Fabricated Leather. Rank's Reversible Cushioned Kneeler Pads fill a long felt desire for the comfort of the parishioners of your church and at the same time, add to its attractiveness. Made to withstand hard, steady wear.

Without any obligation to you we will furnish full information and quote prices for your consideration. We ship anywhere in the U. S. and may have an installation in your neighborhood.

Made with an Unseen Material...
IDEALISM

★

IDEALS are inherent in the construction of each Moller organ. And, though ideals are invisible in substance, their presence in a Moller instrument is not wholly imperceptible to a discerning mind.

The materials themselves—metals, leather, wood—tell in their quality that they are chosen with a discriminating knowledge that does not hesitate at infinite trouble.

The sight of a Moller organ—the design, cabinets, hand-wrought carvings, the infallible precision of intricate, inner details—these speak of hands that work with immeasurable patience and a knowingness thoroughly achieved.

Audibly, the tones of a Moller organ — the glowing swell of sound, the lucid accuracy—are evidence that in their making lies a loving care for perfection stronger than the demands of mere necessity. Moller skill, lighted by idealism, is true artistry in its fullest sense.

The engineering skill and design facilities of M. P. Moller are available to the church and its architect now. Write us for full particulars of this service to you.

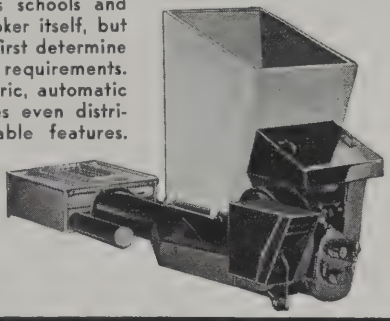
THE EFFICIENCY AND ECONOMY OF

GEHL STOKERS



HAVE BEEN PROVED BY MANY YEARS SERVICE IN

CHURCHES and SCHOOLS

St. John's Church, Grade School, Junior High, Rectory, Sister's Home and Convent at Marshfield, Wis. have all been equipped with Gehl Stokers during the past 12 years.

The splendid satisfaction that Gehl Stokers have given numerous schools and churches for many years, is not only due to the efficiency of the stoker itself, but to the Gehl knowledge of church and school heating problems. We first determine the exact requirements, then make the stoker installation fit those requirements. The Gehl Stoker has a heavy, all-cast, rust-resisting chassis, Barometric, automatic control of chimney draft, unit air and coal feed tube that assures even distribution of air in the fire bed, and many other practical, valuable features. Find out why a Gehl will give you greater comfort with less work and fuel. Ask for list of churches and schools with Gehl Stokers. INSPECTION AND ESTIMATE WITHOUT OBLIGATION. Write for literature.
